GPSS Group

**GPSS Group has been awarded with  
the Excellence Award in the Sustainability Impact Corporate Award (SICA)  
for UN-SDGs 2021!**

GPSS Group has been awarded with the Excellence Award in the Sustainability Impact Corporate Award (SICA) for UN-SDGs 2021 organized by the Social Impact Investment and Procurement Foundation (SIIPF-UN) which took place on Saturday, 21st of August in Hong Kong.

**【Certificate of Commendation】**

81 companies participated to the first edition of the awards in this year. Each company is evaluated based on the United Nations Development Programme's SDGs impact criteria, which consist of four themes: strategy, management approach, transparency, and governance.

The grand prize was presented to 8 corporates that demonstrated intense and lasting commitment in putting forward sustainable management, made significant effort in involving all three sustainable pillars (environmental, social and governance), and received highest praises regarding their outstanding achievement.

All of us at the GPSS Group are very proud and honored that our on-going efforts have been praised. We will continue working towards our vision, which is to create a sustainable society.

For more information about this award, please visit the SICA website:
